**DETAILED ACTION**

***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-16, and 41-42, are drawn to an apparatus (gaming machine and peripherals communication), classified in class 463, subclass 36, 37, and 42.
  - II. Claims 17-40, and 43-48, are drawn to a method of communication between gaming machines (networks), classified in class 463, subclass 42.
2. Because these inventions are independent or distinct for the reasons given above and there would be a serious burden on the examiner if restriction is not required because the inventions require a different field of search (see MPEP § 808.02), restriction for examination purposes as indicated is proper.
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frank M. Leiva whose telephone number is (571) 272-2460. The examiner can normally be reached on M-Th 8:30am - 5:pm.
